EDUCATION

BE - Electrical and Electronics Engineering

Sasurie College of Engineering

08/2017 - 08/2021   *GGPA - 7.56*

PROJECTS

ONLINE STORE

- In this project, you can buy products by paying online. I have created and built a website with MongoDB, Express, React and NodeJS, Stripe, and SocketIO.

MESSAGING APP

- Messaging app with react, node.js, and socket.io with MongoDB and Express. The app is also responsive and it is styled with the styled-components.

DANCE CLASS BOOKING WEBSITE

- In this Reactjs project. I have used to React hooks, modern CSS, framer motion, and many more. For contact, I have used the EmailJS library to make this site more functional and practical.

BLOGGING SITE

- Blogging site with react, node.js, and MongoDB. CRUD Operations with complete blog posting Application.
